Re: RFP No. K07-7060-25, Interpreting Equipment;
Amendment No. 1

Dear Interested Party:

The following, Amendment No. 1, consists of questions and answers from prospective bidders.

Q. Page 7 describes a "system" as consisting of "2 only receivers" whereas Page 10 describes a "system" as consisting of "6 receivers" please clarify.

A. A system should contain **six (6)** only receivers.

Q. In addition, on page 7 a carrying case is required to have "slots" for the equipment. There are two possibilities that may satisfy this requirement, one is a pre-formed foam layer that holds a pre-determined number of units. The other is a foam "pick and puck" layer wherein pieces of foam are plucked out to configure slots in whatever manner the user would like. My question is, would the latter be acceptable.

A. It appears that both types described **would be** acceptable.

These are the only changes contemplated by Amendment No. 1. All other terms and conditions shall remain the same.

Thank you for your interest in doing business with the Maryland Judiciary. I may be reached at 410-260-1410 if you need additional information.

Sincerely,

Raymond Mack
